

# DEVIN MARTINEAU

*Interdisciplinary Studies · Mathematics Minor · Business Administration Minor*

## ABOUT ME

Hello Professor Reed! My name is Devin Martineau and I am majoring in Interdisciplinary Studies, with minors in Mathematics and Business Administration.

I am not totally sure what career field I want to pursue, even though I am (hopefully) graduating this spring. As far as technical proficiency goes, I took your IS 101 class and have learned C.

I came to UNR for the in-state tuition and personally really like it here. People have told me I am a little bit of a cinephile — and in another life I would love to write and create movies.

## HOBBIES & INTERESTS

 Camping  Hiking  Skiing  Video Games  Films & Shows

*"In another life, I would love to write and create movies."*
